

Together We Can Change the World Sponsor Info

Who We Are

TWCCTW is a group of globally based, world-class speakers, trainers, coaches, consultants, authors and musicians who contribute their skills, talents and expertise to help create better lives for residents of SE Asia. We do that two ways:

1. Direct assistance to orphanages, group homes and schools assisting women and children to have better education and safer living conditions. We fund sustainable projects and scholarships to worthy students.
2. Provide training and consulting for local in-country businesses to help them be more profitable, thus helping create more jobs and better working conditions for their employees so they have a higher standard of living.

Why Would You Want to Become a Sponsor?

- You'd like to benefit from the services of our world-class experts, learning facilitators and consultants. You will have access to experts you may not otherwise be able to access. These experts can help further your efforts on leadership, engagement, retention, customer service, sales, communication, and management.

We can work with your leadership team, provide in-depth training, create entertaining and thought-provoking employee- or customer-appreciation meetings, coach leaders one-on-one, and even develop long-term learning plans integrating our team as well as other resources, both in-person and virtually. We can administer assessments to help you know where your people need to improve.

- You believe in Corporate Social Responsibility — of giving back and contributing to those in need. Or you and/or your staff want to become personally involved with some of our in-country service projects.

What Do You Get for Your Sponsorship?

We have a variety of donation levels that will fit your desired giving amount. Depending on your donation you may receive the following:

- Services of TWCCTW experts. Some will provide services in exchange for your sponsorship. Others will work at a much-reduced fee because of their commitment to TWCCTW.
- Prominent mention in all printed materials, banners, Website.
- Exposure to international media covering the events
- Sponsor passes for community events
